For over seventy five years, industry has relied on Zenith Cutter for high quality precision knives with endurance. Our 100,000 square foot facility houses all our operations under one roof. We maintain a complete inventory of our product line. This ensures faster shipments resulting in reduced downtime for our customers.

Zenith also houses one of the largest grinding, cutting and heat treating departments in the world. Tough competition has put quality first on the agendas of industries worldwide. Zenith Cutter has a commitment to continuous quality improvement at all levels of our operation. Everyone at Zenith shares responsibility for the precise manufacture and timely order processing of every product shipped from our plant.
